Ilkley Arts

Welcome to the 2017 Trail

We have had a fantastic response to our call for submissions and this year you will find 64 artists exhibiting in 30 venues. Most of the venues are clustered around Ilkley town centre but this year we also have a number of artists in Addingham and one artist showing their work in Burley in Wharfedale.

We are delighted to be using the Town Hall again but this year it will provide a showcase for all the artists, containing examples of the work of every artist on the Trail. It will be a great place to start the Trail, plan your route, get some advice of what to see and pick up a programme. We are working towards becoming a Dementia Friendly organisation and so **Thursday October 5th from 11.00am to 2pm** in the Town Hall will be a dementia friendly time.

There is much that is new for you to enjoy in 2017's Trail.

We are grateful to the Trustees of the Manor House in Ilkley for allowing us to use the building as a venue for the very first time. This wonderful piece of Ilkley's history is being preserved for the town and we hope this will be the start of a long and creative relationship.

We are thrilled that the Methodist Art Collection will be exhibiting examples of their renowned collection both in Ben Rhydding Methodist Church and Christchurch during the Trail. The exhibition, entitled 'Hope and Reconciliation', will show highlights from the collection reflecting the impact of war on artists from Edward Burra to Graham Sutherland. More details are on page 6 and please do take this very rare opportunity to see these acclaimed pieces of work.

Sarah and John Gamble, two well-known Ilkley artists, have developed a new venture, the Ilkley Art School. During the Trail Sarah and John will be showing some of the work their students have been developing. More details are on page 4.

Ghyll Royd school have very kindly co-ordinated an art competition with a number of local primary schools so that we can enjoy and appreciate the new artistic talent that is emerging in the area. More details can be found on page 4.

We have also continued the development of our creative partnership with Bradford School of Art. They are sponsoring a marquee in the courtyard of the Manor House in which a range of different workshops will take place during the Trail. Please turn to page 3 for further details of what will be on offer. The cover of the Trail programme has this year been designed by Max Belli who has just graduated from the Graphic Design school in Bradford.

A new venture this year is the 'Leaf Trail' at Nell Bank where a number of our artists have created leaves that can be found (if you look hard) in the beautiful grounds of Nell Bank on the North side of the river. More details are on page 5.

And lastly, there will be a number of different demonstrations taking place during the Trail. Look for the paintbrush symbol in the programme to see which artists are offering these.

We hope you will really enjoy this year's Trail and find something in it to lift your spirits.

Art and adventure at a fun day out for all the family at Nell Bank

Nell Bank provides outdoor educational experiences for people of all ages and abilities from its 20 acre site on the outskirts of Ilkley. In this, its 40th anniversary year Nell Bank is delighted to be working with Ilkley Arts during

the Trail to create a weekend event where families can visit the centre to enjoy an active day, playing on the adventure playground and water play areas as well as exploring the **'Leaf Trail'** which has been specially commissioned for the Art Trail with over 30 artists participating in this unique event.

The accessibility of the site enables people with disabilities to fully participate in the event too. Entry to the site will be free but there will be a nominal charge for the Leaf Trail of £2 per person with children under 5 being free. All the proceeds will go to the 2 charities.

We are also thrilled that a legacy from this partnership between Nell Bank and Ilkley Arts will be a unique and interesting teaching resource that will be left at the centre for children and schools to enjoy, build on and interact with on their future visits.

At the 'Leaf Trail' there will also be an opportunity for participants to sign up to a fascinating future art themed event that is planned to start in the Spring as we continue to develop the partnership between Nell Bank and Ilkley Arts. More details to follow on website.

The Cornmill Art Space was started in 2016 by Joe McDermott and Gary Winters. The project's mission was to create a working art studio and make space available to other creative types to run workshops, have pop up exhibitions, run stimulating and social events. The space now hosts regular life drawing classes, art classes for children and various other art and craft workshops.

For more information visit cornmillartspace.com or email info@cornmillartspace.com

Joe McDermott

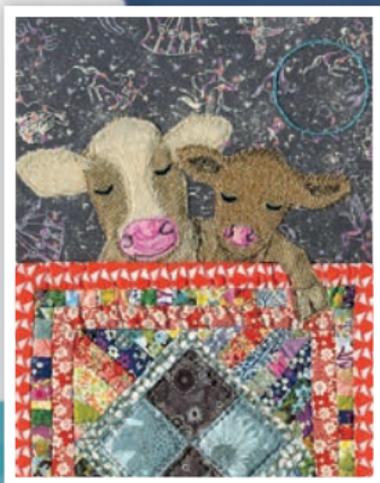

My work stems from the process of drawing. I use ink when drawing the figure, often adding watercolour to develop the form. I've recently worked with an iPad to draw/paint the landscape. I find it a very direct way to capture the scene in front of me. I also take a drawing from my sketchbook and develop it into a multicoloured print using hand cut paper stencils

Gary Winters

My work moves across various media: photography, installation, neon and performance. I'm interested in a play between word and image - shifting between signage, instructions, information, mottos, mantras.
